

Perfect Turf

Perfect Turf® PetGrass®

Perfect Turf® PetGrass® is quite simply the best synthetic turf designed specifically for use with dogs. **Perfect Turf® PetGrass®** has LIFE® anti-microbial protection built into the yarns *and* the backing; all designed to help minimize odors. The beautiful soft two-tone grass blades combined with either the spruce green or a tan/green thatch layer to give this turf its incredibly natural look. The specially designed backing is made with anti-microbial agents and over four times the number of drainage holes for excellent drainage without sacrificing durability.

Applications: Indoor or Outdoor - for Pet Resorts, Dog Daycare, municipal dog parks, apartment/condo building dog runs, residential yards, Veterinary Hospitals, parkways, any area where people walk dogs

Face Weight: 64 oz/sq. yard (+/- 5%)
