

NEW!

Perfect Turf® PetGrass® PODs™

Order patented* **Perfect Turf® PetGrass® PODs** and you have a complete system delivered and ready to go! The tiles allow excellent drainage and an aeration layer to keep the PetGrass® and floor dry. **Perfect Turf® PetGrass®** has two different antimicrobial additives built right into the yarn *and* backing to help eliminate odors and keep the turf more sanitary.

Common Applications

- Any size concrete, wood or asphalt surface
- Indoor dog play areas
- Rooftops
- Decks, patios, balconies
- Garage floors

Perfect Turf® PetGrass® PODs help minimize odor with easier cleaning and a needed aeration layer anytime your Perfect Turf® is installed over concrete, asphalt or wood. The PODs come in standard 3' by 4' rectangles that are placed side-by-side for easy moving or can be ordered in custom sizes and snapped together to create any size you need. Order your **Perfect Turf® PetGrass® PODs** today and start enjoying having a clean, easy-to-maintain area for your dog day care, pet hotel, boarding facility, Veterinary hospital, commercial dog run, dog park and more!

* U.S. Patent No. 9,464,388
